WELCOME ADDRESS

The VVS congress will be a cornerstone of our society. A place to update knowledge but also a place to gather. The decision to organise a biennial congress was deliberated with and will be in cooperation with Bruco-sport, Limco-sport and the Flemish universities.

The first edition will be on 20th of March 2010 at the new facilities of KHBO, Brugge. We opted for a multidisciplinary approach with discussion of science, physiology, physiotherapy and sports medicine, orthopaedic surgery, revalidation, radiology, cardiology but also nutrition and mental aspects.

The first congress will give an update on OVERUSE in all its aspects i.e. from basic science to invasive therapy and from tendon to nutrition. The Flemish and Walloon societies of sports medicine and physiotherapy and Flemish and Walloon universities are involved. GRETHE MYKLEBUST of the famous OSLO TRAUMA CENTRE will present keynote lectures.

We are proud to announce an invited lecture of PHILIPPE MUYTERS, Flemish Minister of Sports.

We look forward to welcoming you to our congress in springtime.

Jan Gielen

On behalf of the VVS board
